

Blue BuzzBox

The BuzzBox Line Exciter is the companion to the LineFinder 2100 or any other line tracing receiver that operates at a compatible frequency. Enclosed in a tough, durable, weatherproof case. Supplied with a set of 6 foot cables with clamps and a 9 inch stainless steel ground rod. Operates in either Conductive or Inductive mode. "Tracks" on the front panel indicate proper orientation for Inductive setup. Operates at four industry standard frequencies, in two power ranges, using six standard alkaline "C" cells.

Blue BuzzBox
